

**Call for Papers**  
**2023 Asset Management Meeting**  
**20<sup>th</sup> to 21<sup>st</sup> July 2023**

**Keynote Speaker:**

[Professor Richard Evans](#)

University of Virginia

### **Overview:**

FIRN in partnership with the University of Queensland (UQ) invites academics and international visiting scholars at FIRN member institutions to submit a paper to the 2023 FIRN Asset Management meeting. The aim of this meeting is to develop a vibrant and interconnected academic community (both domestic and international) to discuss current issues and recent research on asset management in a stimulating and relaxing environment. In doing so, we hope to stimulate further research collaborations between local FIRN members and well-known international academics. Given the easing of international border restrictions, the meeting will be organized onsite at UQ Brisbane City Campus.

We welcome both theoretical and empirical papers on all topics in asset management and asset pricing. Potential topics include but are not limited to: mutual funds, hedge funds, pension funds, private equity funds, ETFs, sustainable investing, performance measurement, fund disclosure and institutional investors' incentives, empirical analysis of market anomalies and market efficiency, and behavioural finance and its implications for asset pricing.

The Asset Management meeting will be held over two days with strong emphasis on high quality research on emerging issues related to asset management and asset pricing. To provide support to early career researchers (ECRs), there will be dedicated sessions for ECRs who are within five years of the awards of their PhDs.

### **Location:**

UQ Brisbane City Campus

### **Submission Deadline:**

The submission deadline is **15<sup>th</sup> May 2023**. Authors of the accepted papers will be notified by **5<sup>th</sup> June 2023**. The submitted paper must not have been accepted (or conditionally accepted) at a journal at the time of submission.

### **Submission Format:**

Please submit: (1) a blind copy of your completed paper (not abstract), and (2) a non-blind copy of your completed paper containing the paper title, the abstract, and author information. Only PDF version is accepted.

### **Submission Site:**
