OF QUEENSLAND
AUSTRALIA

Call for Papers
2024 Asset Management Meeting
20th to 21st June 2024

Keynote Speaker:

[Professor Veronika Pool](#)

Vanderbilt University

Overview:

FIRN in partnership with the University of Queensland (UQ) invites academics to submit a paper to the 2024 FIRN Asset Management meeting. The aim of this meeting is to develop a vibrant and interconnected academic community to discuss current issues and recent research on asset management and asset pricing in a stimulating and relaxing environment. In doing so, we hope to stimulate further research collaborations between local FIRN members and well-known international academics. The meeting is scheduled to take place at the UQ Brisbane City Campus.

We welcome submissions of both theoretical and empirical papers on all topics in asset management and asset pricing. Potential topics include but are not limited to: mutual funds, hedge funds, pension funds, private equity funds, ETFs, sustainable investing, performance measurement, fund disclosure and institutional investors' incentives, empirical analysis of market anomalies and market efficiency, and asset pricing with big data.

The Asset Management meeting will be held over two days with strong emphasis on high quality research on emerging issues related to asset management and asset pricing. To provide support to early career researchers (ECRs), there will be dedicated sessions for ECRs who are within five years of the awards of their PhDs.

Location:

UQ Brisbane City Campus

Submission Deadline:

The submission deadline is **15th April 2024**. Authors of the accepted papers will be notified by **5th May 2024**. The submitted paper must not have been accepted (or conditionally accepted) at a journal at the time of submission.

Submission Format:

Please submit: (1) a blind copy of your completed paper, and (2) a non-blind copy of your completed paper. Only PDF version is accepted.

Submission Site:
